

**Tek-NiqueInk** Office Supplies & Solutions is a **Service-Disabled Veteran Owned & Operated Company** founded by Edwin and Teresa Burkhart. **Tek-NiqueInk** has over 30,000+ Office, Imaging, and Furniture Supplies to choose from including many name brand items, as well as in-house Office Design and Print Management Solutions that includes Maintenance & Service by certified Technicians for your printer and copier environment.

**Tek-NiqueInk** works with you, our customer, to extract the highest return on investment from every dollar spent on your office furniture, supplies, and imaging infrastructure. From strategic planning to implementation and optimization, we have the people, processes and expertise to help you attain your goals.

**Tek-NiqueInk** introduces **“Grenk”**, **The Only 100% Zero Landfill Toner Cartridge**. That is designed to be reused or recycled with absolutely nothing ending up in our landfills thus making this Product Line of Cartridges one of a kind and our BIO-BASED AriTone Cartridges which uses a bio-based toner that supports local agriculture by following recommendations promoted by the USDA and the Bio-Black Toner made from Biorez (35+% bio content) and patented bio-based resin (60+% bio content). These products also gives our clients the ability to quantify their contribution to waste reduction and validate their **“Green”** Initiatives by our powerful Environmental reporting tools **“The Carbonneutronics Index Report & The Environmental Initiative Report.”** Made in the USA.
